

The Science Seminar Series at Pacific

Design of novel ion channel modulators

Dr. Yarov-Yarovoy will talk
about his approach to
designing drugs to treat
neurological disorders using
cutting-edge computational
methods

**Vladimir
Yarov-Yarovoy, Ph.D.**

School of Medicine
University of California, Davis

November 1st, 2016

12 pm

**Room R107 in The Rotunda
at the School of Pharmacy
and Health Sciences**

All faculty, students and staff are welcome

Sponsored by: Thomas J. Long School of Pharmacy and Health Sciences - Department of Physiology and Pharmacology
Department of Biological Sciences - Office of the Provost
